It is my understanding that my son/daughter is loaning a district owned musical instrument (with related equipment). The instrument being loaned has been professionally cleaned and repaired since its last use. My son/daughter will be fully responsible (including repairs beyond normal “wear and tear” as determined by a qualified instrument repair technician and replacement of item if lost or stolen) for the above instrument (and related equipment) while he/she is loaning the item from the Murrieta Valley Unified School District.

It is also my understanding that during the time my son/daughter is responsible for the above instrument or equipment, he/she will furnish the following accessory items related to their respective instrument:

- | | | | |
|---------------------|--------------------|-----------------------|-------------------------|
| Valve Oil | Slide Cream or Oil | Bore Oil | Reeds |
| Tuning Slide Grease | Cork Grease | Swab (Silk or Cotton) | Cleaning Cloth |
| Mouthpiece Brush | Valve Brush | Cleaning Snake | Case for Multiple Reeds |

My son/daughter will return their respective loaned instrument in **quality playing condition** and **professionally cleaned** (as determined by a qualified instrument repair technician) when he/she is no longer enrolled in the MVHS Band Program and/or when the MVHS Director of Bands requires the instrument due.

Note: Students who play an instrument that requires them to loan a second “marching version” of the instrument (for example, tuba and sousaphone) will be responsible for maintaining both instruments while loaning the items, but will only be required to professionally clean one of the two loaned instrument(s) when they return the items.
